CC: Martin S. Friedman Esq.

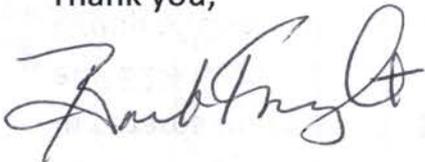

Commission Board,

In regards to **Docket 20200139-WS**, request to increase both Water/Sewer (17% and 32% respectively), please consider the past increases. This utility (Corix Group of Companies) has not (to my knowledge) itemized the infrastructure improvements, either past or planned future. The last increase was also supposed to provide salary increases to current employees, has that been documented?

I now pay more with just two of us living in our home than what I paid with 3 additional children. I'm sure you don't want to be bothered about numbers but where does it stop? Our entire bill never exceeded \$26.00 and now it routinely totals \$60.00 or more.

How can a private company place a request for ANOTHER unbelievable increase based on "fair return" on investment? Please seriously consider your customers vs. the needs of another private company making money off our backs and retirement incomes.

Thank you,

Barb Knight
