Subject: Docket20200139-WS

Dear Clerk,

I am emailing regarding additional rate increases by Utilities Inc.

I've been a Seminole County (Longwood, The Springs) since 1976 excepting a couple of years for out of state employment. I've watched my water/waste bill double over the past few years. Now they want another increase. Sanlando Utilities was the service provider for years and only incremental increases occurred.

The statement that they have consolidated other acquisitions should not affect local residents. That's analogous to Florida paying taxes to bail out other poorly run states.

Is there anyone in our state government that can stop this and reverse some of these recent increases?

I believe figures don't lie, however I also know liars figure.

Thanks for your attention  
John Durning  
209 Weeping Elm Lane  
Longwood. FL 32779
