Subject: PSC Docket No. 20200176 - Say No to Duke CEC

Dear Chairman Gary F. Clark,

I'm a Duke Energy customer and a member of the Sierra Club.

I support solar, however, I do not support it being used as a ruse to require all customers to pay big corporations, like Walmart, millions of dollars when those corporations are perfectly capable of paying for those costs themselves. Vulnerable communities already have a difficult enough time paying their current utility bills without an additional rate increase that will subsidize big corporations instead of providing all ratepayers the benefits of clean energy.

Please deny Duke Energy's request to approve their Clean Energy Connection program. If all customers, like me, are paying for solar then we deserve to also enjoy all the cost savings of that solar, and not just big corporations.

Sincerely,

Heather Fernbacher

Dear Chairman Gary F. Clark,

Please do not torpedo solar installations and retrofits just as they become popular by insisting that all customers pay to help large corporations like Walmart with solar, creating a backlash against the general program.

I'm a Duke Energy customer and a member of the Sierra Club.

I support solar, however, I do not support it being used as a ruse to require all customers to pay big corporations, like Walmart, millions of dollars when those corporations are perfectly capable of paying for those costs themselves. Dear Chairman Gary F. Clark,

Going with green energy such as solar and wind is vitally important. By putting corporate profits ahead of people, once again, Duke does a disservice to the people it is intended to serve.

Sincerely, ML Ruth
