CUSTOMER COMMENTS

I've lived here 5 years. When I first purchased I was  
hit with a 100% increase in my water bills. The  
reason from Utilities Inc is that it was necessary due  
to infrastructure / old pipes and such that needed  
replacement. Now another increase? How is poor  
management of funds by the utility my fault??  
Perhaps they should have been re-investing their  
profits back into the system as they should have  
been all these years. Every other business has to do  
this, not just keep the profit all these years then  
pass it on to new homeowners. Utilities Inc.  
should be held accountable. Not everyone who  
has paid their bills all these years. NO INCREASES
