We spent 6 months in Charlotte County and six months in the suburbs of Pittsburgh, Pa each year. In Florida our wastewater rates are twice those in Pa; and our water rates are six times those in Pa. Pennsylvania is a land locked state with a fraction of the annual rain of Florida and a higher population. Pa also has older facilities and a requirement to pay union wages. Consequently, I do not understand why Utilities Inc of Florida cannot provide their services at a more

reasonable rate and WE ARE ADAMANTELY AGAINT ANY INCREASE IN THE RATES CHARGED BY UTILITIES INC OF FLORIDA. Dan & Sue Stokes
