CUSTOMER COMMENTS

This appears to be a request for a 166% increase in rates! This is at least the 3rd increase since Utilities Inc acquired Sanlando Utilities just a couple of years ago. They appear to be seeking to raise our rates to offset expenses, poor planning and inadequate reserves in other states. The answer should be a resounding NO! Make UI demonstrate how any rate increase will benefit former Sanlando customers. We need to see DATA. We need commitments that are legally binding to stop diverting former Sanlando customers' fees to other utility systems they own. And we need to see a freeze on compensation at UI before we have to pay any more.
