CUSTOMER COMMENTS

SIMPLY STATED : STOP RAISING THE Rates -

We pay more to pour the water down the drain (wastewater) than what we actually use!

Since we have purchased the property in 2018 it appears there have been several increases. Water is a natural resource that falls from the sky. Get a control

On your pricing and spending especially in this time of hardship for so many.

Thank you Clare Buchheit-Edson

Upon checking my past bills it appears that every couple months the rates have been increasing.
