CUSTOMER COMMENTS

This proposed rate increase by Utilities, Inc. of Florida is totally unjustified at this point in time. The current pandemic has created numerous financial difficulties for considerable families, from the loss of jobs, to many people affected by COVID-19, and increases in the cost of living. The rate increase two years ago caused hardships alone, and now to add more misery to the financial problems we are facing. This needs to be declined with the problems we are facing. Showing compassion would be greatly appreciated at this point in time.
