CUSTOMER COMMENTS

I am against raising the rate at this time because:

- many people are unemployed or recently returned to work due to the Covid-19 "shutdown"
- The U.S. is just now rebounding and people need a chance to "catch their breath!"
- rates are already crazy high especially if you are also on sewer verses septic tank.
- We are in a "recession" possibly heading for a depression
- Raising rates will not significantly change the monthly financial burden but for someone who is dollars away from being homeless it will.
- You ^{the} (company) will have MORE people late or unable to pay
