CUSTOMER COMMENTS

It is incredibly stressful and disheartening to have our bill continuously raised. As a healthcare provider during this pandemic, each day is already a struggle. But the added stressor of such inflated bills is just careless and selfish of the management at Utilities, Inc. Although I am positive that this attitude is shared among my community members, I am almost completely certain that the rate will continue to increase, and our pleas will fall on deaf ears. But, I have to try, and have a little hope that someone cares about the financial struggles of the people in this community like I do. Thanks for your time.
