CUSTOMER COMMENTS
PSC Allowed Utilities in 2017 to combine
All water districts they had just purchased
4 water districts that needed repairs
they got some for free and others for
almost nothing. They knew the PSC would
allow them to combine with the other
water districts. In 2017 they allowed
to increase water rates in some cases
200% this was to fix the good systems
to repair the poor systems at no cost to
utilities. Now 2 years later they want
another huge increase, they deserve no
increase and PSC should audit their books
