CUSTOMER COMMENTS

Severely?! I already feel the cost of water is high. I don't understand why in particular Sewer (Utilities Inc.) is so damn costly. Although the increase won't take effect til mid-2021, many will still be recovering economically from the pandemic. I myself was out of work for 7 weeks back in the spring. While to your CEO's an increase of \$3.49/\$15.74 may not seem significant, when struggling financially that money should go to food. Please consider your customers who are struggling to no fault of their own.

Thank you for the opportunity to express my concerns.
