CUSTOMER COMMENTS

The utility rates are too high as it is. Consideration should be given to those who are retired & have fixed incomes.

Please provide a list of senior managers & their salaries. I also believe you can continue to deliver safe & clean water to the people of Pinellas without raising rates.

Rates of \$15.74 for waste water service & Pinellas \$190/yr x 100,000 example 100,000 Pinellas residents = \$19 million and that's just an example.

Why should your workers get paid more than our 1st responders or nurses? You need to manage what is in play better - cut costs & eliminate waste. Show us the books after that & we could consider an increase. Only AFTER we renew your PL.
