Dear Mr. Teitzman:

Enclosed are four final and two legislative copies of proposed tariff sheets for Sumter Electric Cooperative, Inc. (SECO). The following rate sheets were added or modified:

- Schedule EV – Original Sheet 9.3
- Index of Rate Schedules – Sixteenth Revised Sheet 6.0

The new Schedule EV establishes a set of rates for the public charging of electric vehicles. We are asking acceptance for rates at two different charging levels based on how quickly the customer wants their vehicle charged.

The calculations supporting the two rates will be provided upon request.

We are proposing an implementation date of January 1, 2021, so if there are any questions please do not hesitate to call me at 352-569-9545.

Sincerely yours,

Gene Kanikovsky  
Chief Financial Officer
