I was forced to pay 7,795.00 to bring a water line to my new construction site at 9340 Playa Way, Apopka, FL 32703. Without this payment I could not get the permit to start building.

Initially we were told by Utilities Inc. 200 Weathersfield Ave, Apopka that the water was coming from Playa Way Street. Instead was hooked up right around the corner from Brenda Street approximately 200 Ft. I am questioning the cost since it was hooked up much closer than they had anticipated.

I am also questioning the cost of the blow off, flush, and hydrant which should not be my responsibility.

Prior to payment we asked for a meeting with a representative from Utilities Inc. I've contacted in person and by phone the Utilities Inc. several times without results.

In appreciation please review, and contact me for needed information.

Thank you,

Armando Bonaduce
