CUSTOMER COMMENTS

To Whom It May Concern,

In regards to the proposed rate increase: this year and well into next, <sup>not</sup> ~~is~~ ~~not~~ should be, the time to consider any sort of rate escalation.

With a pandemic upon us, and the economy suffering to make ends meet with current costs, this would be adding <sup>even</sup> more strain, to an existing financial hardship.

Although, inflation is inevitable, we are ~~in~~ <sup>amidst</sup> a crisis, and until things (our health, jobs, and family) recover, this rate increase should not be granted.

Respectfully Yours,  
L. Calvache
