**Subject:** Docket #20200226-SU

I am a property owner on Knight Island (in Palm Island Estates) within the service area contained in the application from Environmental Utilities, LLC, for central sewer. I object to EU's request for the bifurcation of the certificate and rate-making proceedings and I object to the granting of a temporary waiver of Rule 25-30.033 (1) (p) and (q). It is important and fair that I have all the relevant information regarding the proposed central sewer including the proposed rates, connection fee and the type of system intended for installation.

Please deny EU's request for bifurcation and a temporary waiver..

Sincerely,

Charles F. Zody
