Subject: RE: Docket #20200226-SU

Good Afternoon, Mr. and Mrs. Galloway.

We will be placing your comments below in consumer correspondence in Docket No. 20200226, and forwarding them to the Office of Consumer Assistance and Outreach.

Thank you!

Toni Hover

Subject: Docket #20200226-SU

To Whom it may concern:

I am writing to you as a property owner on Don Pedro Island, which is within the service area contained in the application from Environmental Utilities, LLC [EU] for central sewer. I object to EU's request for the bifurcation of the certificate and rate-making proceedings and I object to the granting of a temporary waiver of Rule 25-30.033(1)(p) and (q). Given the inadequate information regarding the applicant's financial strength and management experience as well as the costs to the stakeholders involved with this project, the applicant's request for a waiver should be denied.

I also object to this application on the grounds that Environmental Utilities has no experience with installing sewer systems. Jack Boyer, manager of Environmental Utilities LLC is a convicted felon. He has proven in the past that he cannot be trusted to oversee the operation of utilities. He may have other names listed on his application, but he is the manager of this company and would be the person in charge of any project approved by your commission.

As a stakeholder in the proposed service area, it is important to have all of the relevant information regarding the proposed central sewer, including the proposed rates, connection fees and the type of system intended for installation. I therefore request that EU's request for bifurcation and a temporary waiver be denied. Please do your due diligence in investigating thoroughly Environmental Utilities LLC.

Yours truly,
Gary & Judith Galloway
