Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

My residence has underground power service and I received that insurance plan offer from FPL which just got to show that they are on a phishing expedition Not really concerned in doing right by the consumer.

Sincerely,

Mr. David Ramirez
