To Whom It May Concern,

We are writing to you as property owners on Don Pedro Island, which is within the service area contained in the application from Environmental Utilities, LLC (EU) for central sewer. We object to EU's request for the bifurcation of the certificate and rate-making proceedings and we object to the granting of a temporary waiver of Rule 25-30.033(1)(p) and (q). Given the inadequate information regarding the applicant's financial strength and management experience as well as the costs to the stakeholders involved with project, the applicant's request for a waiver should be denied.

Yours truly,  
Mike and Debbie Jurgensen
