Per attached response from Suwannee Valley Electric Cooperative [SVEC] to update request for PSC publication mailing lists (Admin Correspondence DN 00010-2021):

- No changes to NW, NR, or NH in "E";
- Ms. Ecker's phone and fax numbers changed on response to the publication update letter; since publication information is tied to company's official contact information for EC912, CLK/Menasco spoke to SVEC/Ecker by phone to confirm whether the publication information should change the company's official contact information; Ms. Ecker doesn't recognize the fax number on file for EC912 and advised that she needed to confirm whether it needed to be changed or not; Ms. Ecker advises that (386) 362-2226 is the company's generic contact phone number, so that probably should not be changed; Ms. Ecker will research publication contact information/company official contact information; if changes to company information are needed, Ms. Ecker advises she will update it on the change to regulated company contact information form on the Commission's website.
