Good Morning, Hamilton Agnew

We will be placing your comments below in consumer correspondence in Docket No. 20200181-EU and forwarding your comments to the Office of Consumer Assistance and Outreach.

Sincerely,

Brian Schultz  
Commission Deputy Clerk II  
Florida Public Service Commission  
2540 Shumard Oak Boulevard  
Tallahassee, Florida 32399

Subject: Docket No. 20200181; Modernize Florida's outdated efficiency practices

Dear Florida PSC Commissioners,

I would like to know what plans FPL has to build solar farms in southwest Florida. It seems imperative that if we are to survive the climate change/global warming problem, we must take advantage of the "free" solar energy coming from the sun and decrease our dependence on fossil fuels.

A long term investment in this technology will have a profound effect in the near future.

My research shows that some progress is being made in the east coast of Florida, and although we have considerable unused land in southwest Florida, there appears to be no public information about any plans to build solar plants here.

Thank you.

Sincerely,  
Hamilton Agnew  
Fort Myers, FL 33919
