PSC,

I'm writing to voice my extreme opposition to the docket referenced above.

The rate increases continue and services have not been improved, but I'm sure Utilities Inc. profits have.

Please deny this increase. These are trying times for residents. Those of us living on fixed incomes can no longer continue to pay these increases.

I imagine this will fall on deaf ears as our public officials seem to ignore the will of the people they are required by law to serve.
