**Subject:** Docket: 20200226-SU

Dear Clerk,  
RE: Docket: 20200226-SU

I am a Cape Haze, FL resident and am writing to protest the application by Environmental Utilities to install sewers in Cape Haze and the barrier Islands. We don't need sewers as we are a community with low population density and no evidence that our septic tanks pollute. Further, we need a company with a strong financial position and the necessary experience to do the job. A start up Mom and Pop operation, such as Environmental Utilities, who is unable to tell us how much we will pay or provide any provision for payment over time is not acceptable.

Environmental Utilities' application must be rejected!

Thank you,

Dr. Judith Randall
