Dear Clerk,
Regarding docket 20200226SU

We are property owners in Cape Haze, Florida and I am writing to protest the application by environmental utilities to install sewers in Cape haze and the barrier islands.

We strongly feel that we don't need sewers as we are a community with low population density and there is no evidence that our septic tanks pollute.

Further, we need a company with a strong financial position and the necessary experience to do the job, not a start up mom and pop operation that is unable to tell us how much we will pay nor provide any provision for payment overtime for those who would be financially burdened they having to pay all at once.

Please reject their application.

Yours truly,
Matthew and Jill Benicewicz
