Subject: FW: Additional Document Filing (docket 20200139)
Attachments: Sweetwater Oak Petition 1-30-21.pdf; 2021-02-01 petition Utility Inc.pdf

Good Afternoon, Mr. Joswick.

We will be placing your comments below in consumer correspondence in Docket No. 20200139, and forwarding them to the Office of Consumer Assistance and Outreach.

Thank you!

Toni Hover
Commission Deputy Clerk I
Florida Public Service Commission
2540 Shumard Oak Boulevard
Tallahassee, FL 32399

From: Dave Joswick <dave@newhopeforkids.org>
Sent: Wednesday, February 3, 2021 1:49 PM
To: Records Clerk <CLERK@PSC.STATE.FL.US>
Subject: Additional Document Filing (docket 20200139)

In an attempt to file additional petition signatures at the PSC website I received the following message:

"The document presented (E-filing ID # 25123) has been reviewed by the Office of Commission Clerk and has not been accepted as an e-filing per phone conversation with AFD/Norris. Correspondence from interested persons should be emailed to clerk@psc.state.fl.us rather than e-filed on the website. The email should include the *docket number* and a *description of what is being attached*. Depending on the size of the document, and your email server's size limit, you may attach more than one document to the email."

Attached are two PDF documents containing additional petition signatures of Utility Inc. customers..

Thank you for your assistance in this matter. David C. Joswick

Utilities Inc of Florida Rate Increases

About this petition

Please sign this petition to help bring awareness to the continuous rate increases Utilities Inc has done to Seminole county residents.

Petition Statement of Purpose

Docket No. 20200139-WS

The undersigned hereby notify the Florida Public Service Commission (“FPSC”) that:

1. It is understood Utility, Inc., intends to raise the cost of one gallon of water by approximately 3 cents (approximately 166%)
2. This anticipated increase will present an undue hardship and impose a substantial economic burden to the residents of Utility Inc.’s service area in Seminole County.
3. The FPSC should reject any permanent or temporary increase in the cost of water for at least one year from February 4, 2021.
4. By February 4, 2022, the FPSC should conduct – or cause to be conducted – a study to determine whether any increase in the cost of water in the petition area is reasonable based on the study and, if so, to further determine what may be a reasonable increase in the cost of water; and
5. The FPSC should not permit or otherwise institute an increase in the cost of water – at the request of Utility, Inc., or any other party (including the FPSC itself) until such study is conducted and the results of such study are presented and explained to the residents to be impacted by any contemplated cost in increasing the cost of water.

Comments: I have been unhappy since day one that Utilities Inc. took over our local water and sewer. I have lived here in the Wekiva area for 20+ years and my water and sewer payments have gone from \$20. per mo. over \$95. per month. The rates started going up drastically once Utilities formed and took over. They are not a company to be trusted.

Comments: My water bill is often as high as my electric bill. It has increased 300% in about 8 years and is going up again. This is way outside what is normal with the municipal water we used to have and Seminole county still has some places. This is a hardship. It should never have been sold off. Stop this company.

63. Name: Steven Bonneau (stevebonneau73@gmail.com) on 2020-12-09 18:51:02
Comments: The constant increases have been insane and have become a burden as my income has decreased due to the pandemic. A quick look at two statements in the month of June of 2017 and 2020 shows an 84.09% increase with approximately the same amount of usage in just three years! I can only imagine the percent increase of those who've lived here longer. The increases must stop for now and I agree with the proposals in this petition.

78. Name: Jon Kessler (jskessler@aol.com) on 2020-12-10 08:12:32
Comments: Aside from the existing remarks about the already high costs and future increases, I'd like to point out what I consider a big flaw in their rates. The monthly BASE CHARGES (water+sewage) on my bill are \$56.21. That's before any actual usage. So even when I use water conservatively, or NOT AT ALL, I'm still hit with an unjustifiably large bill.

Compare that with electricity from Duke, where the monthly base charge is relatively low, and therefore high bills are directly tied to high usage.

84. Name: Barbara Savino (barbara@specialadditions.com) on 2020-12-10 13:48:39
Comments: This rate increase never ends. They are constantly raising rates. Over 33,000 people in our area with Utilities, Inc. Base charge for water and sewer is \$39.34 x 33,000 customers a month \$1,298,220.00. This is just to have the water service whether or not you use it. Yet they ant to increase that again? What are they doing with this money? This is also making an impact the value of our homes.. Please stop these rates.

Comments: This is an undue hardship during an economy that is already suffering thru a pandemic. A loss of employment doesn't translate into additional income on a family's part. If Utilities, Inc. think that raising their income keeps people employed, they are mistaken and heartless. Hurting us makes us remember you.

Comments: The unscrupulous rate hiking practices of Utilities Inc need to stop. We are held hostage by their monopoly on this service and victims to their ongoing increases. We have no other company to turn to for our utilities. We're at the mercy to whatever fees Utilities Inc wants to levy on us.
Address: 115 Starling Lane, Longwood, FL 32779

Comments: Such an increase is unjustified!
Too often companies that are given a monopoly seek capital improvements to grow and expand their company and pass that expense to customers over a very short window. Once the improvements (which are assets of the company) are acquired and paid for the added expense is not discontinued, but rather goes to improve the bottom line and increased executive income.
The expense of acquired assets should be borne by the newly acquired customers over time, applied to borrowed or bond money which is offset by depreciation.
WHAT ARE THE NUMBERS?!
WHAT IS THE JUSTIFICATION?!

Comments: I went to the local big meeting with Tallahassee and Canadian Utilities, Inc. And I also know that nearly the majority of the money is to upgrade the water systems in OTHER parts of Florida--NOT Seminole County. The only community needed upgraded in Seminole was stated as the older section of The Springs in Longwood. Why are ALL of us paying for the upgrades to other counties. Those systems should have been maintained correctly in past years and we wouldn't be in this mess! WHY are we bending over backwards for a foreign national company who came in knowing what they were buying and now making a profit? I feel we've been sold out by the State of Florida again!

471. Name: Nancy Gerrity (nsgerrity@gmail.com) on 2021-01-19 15:31:54
Comments: This utility company has already received tremendous rate increases over the past few years. To grant another increase is ridiculous and may create a hardship for many households. My water bill is currently about three times what it used to be not that many years ago. Other areas of central Florida are not paying the exorbitant rates that Utilities Inc is charging and proposing. Please prevent this from happening.
Address: 640 North Longview Place
Longwood, FL. 32779

472. Name: Cinthia Bargo (cbargo99@outlook.com) on 2021-01-19 15:35:48
Comments: We are struggling to care for our lawn. We have shorten our showers. We are unable to clean our sidewalks, our roof anything that we would use water to maintain. The cost is prohibitive. I don't know how families can even pay their bills. We are trying to ever thing right and the cost is still SO high. It has been higher than our electric bill and our house is not energy efficient. It is older.

Comments: The fact that we have to pay for wastewater treatment for water used for irrigation, should be ILLEGAL! That water never reaches the treatment plant! When I bought in 2011, the wastewater base charge was \$12.37, now it is \$27.63. The rate charge was \$1.63/1000 gal, now it is \$4.42/1000 gal. So not only have rates gone up ridiculously high, they're charging all of us for treatment on water that is NOT being treated!

Comments: Besides water being outrageous, they give horrible customer service. In October I had a broken meter, it had water running for days before it was noticed. They came and replaced the meter, the tech told me that the office would make an adjust.ment. (I figured it would be about \$40.) I talked to customer service twice about this. They promised they would look into my complaint and get back to me. They never did. Their customer service is HORRIBLE>>>

Address: 1233 majestic oak Dr
-
519. Name: Deborah S Kirkpatrick (deborah.s.kirkpatrick@gmail.com) on 2021-01-22 02:42:49
Comments: When are lift station loses power we can not use the sewage system which means no running water. Showers/dishwasher/sinks or toilets. Utilites inc did install a back flow valvebut stops serages from going out or coming in. Not a good situation.
Address: 400 Sugarloaf Ct
-
520. Name: Mary Buschmann (mprest1960@msn.com) on 2021-01-22 11:52:57

Comments: Water sewer rates ridiculously high
Address: 307 N Hawthorne Ave Apopka Florida 32703

521. Name: Cathy Hudak (hudakcathy@gmail.com) on 2021-01-22 15:21:27
Comments: The unjustified rate increases have got to stop!!!
Address: 108 Hatfield Ct
Longwood, FL 32779

522. Name: Rochelle Elardo (relardo@roadrunner.com) on 2021-01-22 15:31:58
Comments: Water is ridiculously expensive here and the quality is horrible. My last bill in NY was for \$29.10 for 6000 gallons for 2 months!!! And it was good water!
Address: 127 E Berkshire Circle
Longwood FI 32779

535. Name: Patrice Burke (pmburke1@hotmail.com) on 2021-01-23 15:58:23
Comments: The year moving into this house in 2012, the average bill was \$69.93 per month.
For 2020, the average bill was \$182.36 per month.
That's an increase of \$112.43 per month or 160% increase!
There has been NO change in the household at all -- same amount of residents, same lifestyle/routine.
Address: 104 W York Ct
Longwood, FL 327790

536. Name: Paulette Dewey (pbdewey@aol.com) on 2021-01-24 02:52:48
Comments: Water is a basic necessity and should be affordable. Continued and frequent rate hikes are detrimental to the quality of life. We do not fill pool; there are only two of us—both retired. Our water bill has more than doubled since this conglomerate took over.
