Placida, FL 33946

February 4, 2021

County Commissioners  
Public Service Commission  
Docket #20200226

Dear Commissioners:

By this letter we recommend the commission approve the application by Environmental Utilities Inc. to provide wastewater service to the residents on Palm Island.

Knight Island Utilities provides water and sewer service to the residents of Palm Island Resort. As such, we support Environmental Utilities' efforts to handle this project. We also plan to connect into the sewer lines if the project is approved.

It is obvious that, for the benefit of our environment, septic tanks need to be removed from the island and sewer lines put in. This is a significant endeavor and we trust Environmental Utilities to get the job done efficiently and with a minimum of disruption to the property owners of Palm Island.

Sincerely,  
The Board of Directors  
Knight Island Utilities, 501(c)(12) A not-for-profit company
