RE: Docket No. 20210039-WS - Application for original water and wastewater certificates for existing utility currently charging for service in Collier County, application for pass through of regulatory assessment fees, and application for original certificate of authorization for existing utility currently charging for service, by Collier Utility Company.

Dear Commission Clerk:

Collier Utility Company (Collier) inadvertently filed its application for certificates in the above referenced docket. After filing its application Collier became aware that the Florida Public Service Commission does not have jurisdiction in Collier County.

Therefore, Collier hereby withdraws its application. Further, Collier hereby requests a refund of its filing fee of \$1,500. There has been no work on the application, therefore a full refund is warranted.

If you have any further questions or concerns, please do not hesitate to contact me at either trendell@uswatercorp.net or (727) 848-8292.

Sincerely,

Troy Rendell
