**STAFF'S FOURTH DATA REQUEST  
VIA EMAIL**

**Re: Docket No. 20200220-EI - Petition for approval of electric vehicle charging pilot program, by Tampa Electric Company.**

Dear Mr. Beasley:

By this letter, the Commission staff requests that Tampa Electric Company (TECO) provide responses to the following data request no later than **March 1, 2021**.

1. Please refer to paragraph 31 of the petition.
  - a. If the Commission were to discontinue the Pilot at its close, what would occur if the Site Host does not elect to acquire the electric vehicle (EV) charging ports (Ports) at its location? As part of your response, please estimate any associated removal costs under this scenario.
  - b. During the Pilot, what would occur if a Site Host no longer wished, or for any other reason was no longer able to have the Ports installed at its location? As part of your response, please estimate any associated removal costs under this scenario.
2. Please refer to Exhibit A, Item 1B of the petition, and TECO's response to Staff's First Data Request, No. 29. Please explain how the Pilot will:
  - a. Ensure grid reliability.
  - b. Develop TECO competencies to serve the EV market.
  - c. Meet customer needs in identified key markets.
  - d. Inform/develop Tampa Electric's long-term strategy.

Mr. James D. Beasley

3. TECO's response to Staff's First Data Request, No. 40, states "Tampa Electric does not intend to install more than 200 ports." However, Exhibit A of the petition, Item 3B, states the co-located Level 2 Ports are not included in the Level 2 count of 200. Please clarify the total number of Level 2 Ports TECO intends to install.
4. In its response to Staff's Second Data Request, No. 7, TECO stated it "aspires to have all ports deployed by December 31, 2020." Please explain if this was stated in error.

Please file all responses electronically, via the Commission's website at [www.floridapsc.com](http://www.floridapsc.com), by selecting the Clerk's Office tab and Electronic Filing Web Form (reference Docket No. 20200220-EI). If you have any questions, contact Jeff Doehling by email at [jdoehlin@psc.state.fl.us](mailto:jdoehlin@psc.state.fl.us) or by phone at 850-413-6127.

Sincerely,

*/s/ Jeff Doehling*
