Subject: Docket No. 20200181; Modernize Florida's outdated energy savings practices

Dear Florida PSC Commissioners,

As a concerned 75 year old Florida citizen, I am appalled by the Commission's archaic economic screening practices. We need to make energy more efficient than less given the influx of new residents each day. No other state is using our protocols. Please wake up and address these issues not only for us but our children and their offspring.

Sincerely,  
Joyce Palmer  
Deland, FL 32720
