Subject: Docket No. 20200181; Modernize Florida's outdated energy savings practices

Dear Florida PSC Commissioners,

Please take action to make Florida more energy efficient. Help Floridians to cut energy waste and save money on power bills.

Modernize your practices and goals and deliver energy savings to families and businesses.

You have a unique opportunity through this rulemaking process to reform practices so they reflect modern industry standards. Let's level the playing field so energy savings programs compete on a fair basis with costly new power plants. Let's capture technological innovation and put it to work for a smarter grid, and let's protect our most vulnerable customers by aiming to reduce the energy burden faced by so many hard-working families.

Thank you.

Sincerely,
Sandy Frank
