STAFF'S THIRD DATA REQUEST  
VIA E-MAIL  
[Maria.moncada@fpl.com](mailto:Maria.moncada@fpl.com)

Maria Moncada, Esq.  
Florida Power & Light Company  
700 Universe Blvd.  
Juno Beach, Florida 33408

**Re: Docket No. 20210001-EI – In re: Fuel and purchased power cost recovery clause with generating performance incentive factor.**

Dear Ms. Moncada:

Please file responses to the following data and document requests in the above-referenced docket with the Commission Clerk by March 12, 2021:

1. Please refer to Florida Power & Light Company's (FPL or Company) "Mid-Course Correction Petition" (MCC Petition), dated February 26, 2021, filed in Docket No. 20210001-EI.<sup>1</sup> The Company's supporting documentation filed with its MCC petition assumes an April 1, 2021 implementation date for new rates. However, the Florida Public Service Commission (Commission) Conference addressing the Company's petition is also contemplated to be April 1, 2021. Hypothetically, if the Company's petition is addressed at the April 1, 2021 Commission Conference, but ultimately the Commission decides on an alternative effective date of May 1, 2021, or alternative recovery amounts (detailed below), what would be the Company's factors? Please populate the following table with the requested data. Please also specifically remark on the effect of a May 1, 2021 effective date to a typical monthly residential customer using 1,000 kWh of electricity, relative to the primary rate proposal detailed in the MCC Petition.

---

<sup>1</sup>Document No. 02487-2021.

Maria Moncada, Esq.
