**Duke Energy Florida, LLC's (DEF) Response to
Staff's Informal Questions about RSS-1 regarding
DEF's Petition to Approve 2021 Settlement Agreement**

Docket No. 20210016-EI

1. Please explain why Duke is cancelling the RSS-1 tariff?

Response:

RSS-1 is no longer needed for a reduced seasonal customer charge as the cost of reconnecting customers with AMI meters is much less and customers are charged in alignment with cost causation when their meters are active and in use. DEF proposes elimination of the RSS-1 rider with the implementation of seasonalized residential rates. See attached for legislative and clean versions of tariff sheet no. 6.350 that were inadvertently excluded from DEF's response to the previous staff request and from Exhibits 4A and 4B.
