RE: Docket No. 20210016-EI– Petition for limited proceeding to approve 2021 settlement agreement, including general base rate increases, by Duke Energy Florida, LLC

Dear Ms. Triplett, and Mr. Bernier:

By this letter, EVgo Services LLC (“EVgo”) requests that Duke Energy Florida, LLC (“DEF”) provide responses to the following data requests:

Please refer to Duke Energy Florida (DEF) 2021 Settlement Agreement for the following questions:

1. Please refer to Paragraph 17.c.
 - a. Florida Statute requires the Department of Transportation to “coordinate, develop, and recommend a master plan for current and future plans for the development of electric vehicle charging station infrastructure along the State Highway System[,]” including participation of public utilities in the marketplace. Is DEF’s proposed Company-owned DC Fast Charge program targeting exclusively EV infrastructure along the State Highway System?
 - b. Has DEF identified locations for the company-owned sites in the DC Fast Charge program?
 - c. What methodology, process and criterias has DEF utilized or is DEF planning to utilize in identifying, planning or selecting sites for the Company-owned DC Fast Charge program?

2. Please refer to Paragraph 17.b., and Exhibit 5.

- a. Please explain the methodology and data that informed the level of public DCFC rebate for non-utility DCFC chargers (by type of charging)?

Sincerely,

/s/ Bernice I. Corman
