Subject: RE: Notices of Substitution

Good afternoon,

While replacing J.R. Kelly in these dockets we found some that had Thomas David in them as well and we wanted to make sure he was still there or if he needed to be removed as well as we had correspondences before having him taking out of some dockets so we wanted to double check.

Also there were some with A. Mireille Fall-Fry in them as well and we had received a correspondence in the past from her saying she was leaving and to remove her from a list of dockets so we removed her from these as well.

The closed dockets were not updated as we don't update the mailing lists in the closed dockets since nothing is being issued in them.

Sincerely,

Brian Schultz
