Subject: Stop Rubber Stamping FPL Requests!

Dear Commissioner

Florida Power & Light is asking for the largest single rate hike in Florida history at a time when consumers are facing an increased cost of goods and services as we recover from the economic downturn caused by COVID-19. We moved to Florida ten years ago, in hopes of living out our retirement years with some level of financial security with lower taxes and reasonable utility costs. The FPL plan threatens that plan for every citizen on a fixed income. The increases are just about pure greed. You can stop this madness for all of us!

It is unconscionable to think that we should have to pay more for our electric service at a time like this. Rubber stamping an all-time high return on equity of 11.5 percent goes against helping struggling Floridians. Putting people over profits should come first.

Now is not the time to give FPL what it wants; let's keep the public in Public Service Commission!

Thank you,

Donald Healy
