Re: Docket No. 20190168-WS; First Coast Regional Utilities, Inc.;
Provision of Water and Wastewater Utility Services to a Portion of Nassau
County, Florida

Dear Chairman Clark,

The Board of County Commissioners supports the application of First Coast Regional Utilities, Inc. (FCRU) now pending before the Florida Public Service Commission. FCRU, as we understand, proposes to provide utility services in the southwest portion of our County. There is a growing and urgent need for water and wastewater utility services in that part of the County and we see FCRU as helping to meet that need. Attached hereto please find a map depicting the proposed FCRU service area. It is in the public interest that FCRU receive certificates in order to provide service to the subject proposed service area.

The Nassau County Board of County Commissioners has, at a Board meeting, unanimously approved this letter and authorized the transmission to the Florida Public Service Commissioner.

Sincerely,

A handwritten signature in blue ink, appearing to read "T. Ford", written over the word "Sincerely,".
