COMMISSION
CLERK

Dear Commissioners,

I am writing to ask that you please consider the perspective of Florida citizens who consume and pay for power from the Florida Power and Light company and the upcoming discussion about possible rate increases. Floridians cannot live and work reasonably without power yet the costs are becoming unbearable to the individual families while FPL is proposing rate hikes that bring their profits above average return on equity percentages for the entire US.

Please do not allow FPL to raise rates an unreasonable amount. I urge you to represent the public in this matter rather than the interests of the FPL corporation and their shareholders.

Respectfully,

Leslie Butterfield
101 Ogden Street
Sarasota FL 34242

Respectfully,
Leslie Butterfield
