Dear Public Service Commission,

As a year-round resident of Florida, I urge you to decline PFL's (and Gulf Power Company's) rate increase petition, which would create an unnecessary and excessive burden on residential utility customers at a time when many Floridians can least afford to pay more for their unavoidable daily expenses.

FPL is trying to charge customers like us for a range of projects we do not want or need. FPL does not need to spend billions of our dollars to build redundant fossil fuel units or rebuild an already-sufficient transmission system, just to give their shareholders a raise.

Please do not put FPL's desire to maximize profits over our need to power our homes affordably.

Thank you.

Sincerely,
MICHAEL GOEHRING
