RE: Staff recommendation on confidentiality of certain information provided in FPL's first supplemental response to FIPUG's 1st request for PODs (No. 45).

CONFIDENTIALITY OF CERTAIN INFORMATION

DOCKET NO: 20210015-EI; DOCUMENT NO: 04458-2021

SOURCE: **Florida Power & Light**

On June 2, 2021, Florida Power & Light (FPL) filed a request for confidential classification pursuant to Section 366.093(3)(e) of the Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C), for information contained in FPL's first supplemental response to the Florida Industrial Power Users Group's (FIPUG) First Request for Production of Documents No. 45.

FPL claims the confidential information is intended to be and has been treated by FPL as private, its confidentiality has been maintained, and its disclosure would cause harm to FPL and its customers. Pursuant to Section 366.093, F. S., such materials are entitled to confidential treatment and are exempt from the disclosure provisions of the public records law. FPL also claims that the confidential information consists of proprietary confidential business information, the disclosure of which would impair the competitive business interests of FPL. Specifically, the information contains debt refinancing feasibility studies, the disclosure of which would impair the competitive interests of the provider of the information, and as such, the information is protected by Section 366.093(3)(e), F.S.

Staff reviewed the documents and information included in the discovery response and concurs with FPL. In staff's opinion, the Company's request meets the criteria for confidentiality set forth in Section 366.093(3)(e), F.S. Therefore, staff recommends that FPL's request for confidential classification of the information contained in Document No. 04458-2021 be approved.
