Subject: Public Comment on Docket #20210015-EI

Dear Public Service Commission,

I am a resident of Florida.

Decline FPL's rate increase petition, which would create an unnecessary and excessive burden on utility customers at a time when many Floridians can least afford to pay more for their unavoidable daily expenses.

FPL is trying to charge customers like us for a range of projects we do not want or need. FPL does not need to spend billions of our dollars to build redundant fossil fuel units, rebuild an already-sufficient transmission system, and give their shareholders a raise.

Do not put FPL's desire to maximize profits over our need to power our homes affordably.

Sincerely,
Krista Lohr
