In re: Petition for expedited review of Somos' denial of application for numbering resources for the St. John's, Florida rate center, by MCImetro Access Transmission Services Corp. d/b/a Verizon Access Transmission Services.

DOCKET NO. 20210114-TA
ORDER NO. PSC-2021-0259-PAA-TA
ISSUED: July 19, 2021

NOTICE OF PROPOSED AGENCY ACTION
ORDER DIRECTING SOMOS, INC. TO PROVIDE MCIMETRO ACCESS TRANSMISSION SERVICES CORP. D/B/A VERIZON ACCESS TRANSMISSION SERVICES WITH ADDITIONAL NUMBERING RESOURCES

BY THE COMMISSION:

NOTICE is hereby given by the Florida Public Service Commission (Commission) that the action discussed herein is preliminary in nature and will become final unless a person whose interests are substantially affected files a petition for a formal proceeding, pursuant to Rule 25-22.029, Florida Administrative Code (F.A.C.).

BACKGROUND

On June 2, 2021, MCImetro Access Transmission Services Corp. d/b/a Verizon Access Transmission Services (Verizon) filed a request for additional numbering resources from the Number Pooling Administrator, Somos, Inc. (Somos), for the St. Johns rate center JCVMFLEDDS0 switch. Verizon requested a Thousand Block to meet the request of a specific customer for 400 consecutive telephone numbers. On June 2, 2021, Somos denied Verizon's request for additional numbering resources because Somos determined that Verizon did not meet the Federal Communications Commission's (FCC) utilization criteria.

On June 18, 2021, pursuant to 47 C.F.R. §52.15(g)(4)(iv), FCC Order No. 00-104, Order No. PSC 2001-1973-PCO-TL,¹ and the Industry Numbering Committee's (INC) Numbering Pooling Guidelines Sections 3.7 and 12(c), Verizon filed a petition asking that this Commission reverse Somos' decision. In its petition, Verizon asserts that at the time of the code request, the St. Johns exchange had a months-to-exhaust of six months and a utilization of 75%. Verizon requests that we reverse Somos' decision because Somos' denial interferes with Verizon's ability to serve its customers in Florida.

We are vested with jurisdiction pursuant to Sections 364.16(7), Florida Statutes, (F.S.), and 47 C.F.R. §52.15.

¹ Issued on October 4, 2001, in Docket No. 20010782-TL, *In re: Petition for generic proceedings to establish expedited process for reviewing North American Numbering Plan Administration (NANPA) future denials of applications for use of additional NXX Codes by BellSouth Telecommunications, Inc.*

ANALYSIS

Somos has denied Verizon additional numbering resources because the Company has not met the applicable utilization or MTE criteria.

However, denial of additional numbering resources poses a possible barrier to competition. In this instance, a customer desiring service from Verizon might have to obtain services from another carrier simply because Verizon cannot meet the utilization or months-to-exhaust rate center requirement. By Order No. DA 01-386,² the FCC stated:

Under no circumstances should consumers be precluded from receiving telecommunications services of their choice from providers of their choice for want of numbering resources.

A procedure is available to carriers who are denied additional numbering resources to challenge that decision. Addressing additional numbering resources denials, 47 C.F.R.

A procedure is available to carriers who are denied additional numbering resources to challenge that decision. Addressing additional numbering resources denials, 47 C.F.R. §52.15(g)(4)(iv), states, in part:

The carrier may challenge [Somos'] decision to the appropriate state regulatory commission. The state regulatory commission may affirm, or may overturn, the [Somos] decision to withhold numbering resources from the carrier based on its determination that the carrier has complied with the reporting and numbering resource application requirements herein.

In reviewing the Company's petition as contemplated by 47 C.F.R. §52.15(g)(4)(iv), we have considered the information provided by Verizon and, in accordance with Order No. PSC-2001-1973-PCO-TL,³ find that the Company has met the following criteria:

The Company has demonstrated that it has a customer in need of immediate numbering resources.

The Company has shown that it is unable to provide services to a potential customer because of Somos' denial of the numbering resources.

²DA 01-386, CC Docket No. 99-200, CC Docket No. 96-98, In the Matter of Numbering Resource Optimization, Implementation of the Local Competition Provisions of the Telecommunications Act of 1996 (February 14, 2001), at Paragraph 11.

³ Order No. PSC-2001-1973-PCO-TL, issued on October 4, 2001, in Docket No. 20010782-TL, *In Re: Petition for generic proceedings to establish expedited process for reviewing North American Numbering Plan Administration (NANPA) future denials of applications for use of additional NXX Codes by BellSouth Telecommunications, Inc.*

A potential customer cannot obtain service from the provider of its choice because the Company does not have the numbers available.

CONCLUSION

Based on the foregoing, we find it appropriate to reverse Somos' decision to deny additional numbering resources, and direct Somos, Inc. to provide Verizon with additional numbering resources for the St. Johns rate center, JCVMFLEDDS0 switch as soon as possible to meet its customer's needs.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that the Number Pooling Administrator (Somos, Inc.) shall provide MCImetro Access Transmission Services Corp. d/b/a Verizon Access Transmission Services with additional numbering resources for the St. Johns rate center, JCVMFLEDDS0 switch as soon as possible, as reflected in the body of this Order. It is further

ORDERED that the provisions of this Order, issued as proposed agency action, shall become final and effective upon the issuance of a Consummating Order unless an appropriate petition, in the form provided by Rule 28-106.201, Florida Administrative Code, is received by the Office of Commission Clerk, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850, by the close of business on the date set forth in the Notice of Further Proceedings attached hereto. It is further

ORDERED that in the event this Order becomes final, this Docket shall be closed.

By ORDER of the Florida Public Service Commission this 19th day of July, 2021.
