Dear PSC Commissioner,  
SUBJECT: Public Comment on Docket #20210015-E1

As a resident of Florida, I urge you to decline FPL's rate increase petition. This increase would create an unnecessary & excessive burden on utility customers at a time many Floridians are struggling & can least afford to pay more.

FPL is trying to charge customers like us for a range of projects we do not want or need. FPL does not need to spend billions of our dollars to build redundant fossil fuel units, rebuild an already sufficient transmission system, & give their shareholders A RAISE!

Please do not put FPL's desire to maximize profits over our need to power our homes AFFORDABLY.

Thank you,

Paula Toomey
