

Docket # 20210015-E1

July 17, 2021

DEAR PSC COMMISSIONER
Subject: Public Comment on Docket # 20210015-E1

As a resident of Florida and a FPL customer
I'm urging you to decline FPL's rate increase
prediction. Florida as we know is trying to
recover from Covid now there's a second wave coming
just as we was getting back to normal. While going
through all of that FPL is asking for a 20% increase
of their customer electric bills. Which I find
outrageous!! After they was just approve for a
fuel charge in April of this year. This would put
Native American, Black, Brown Community as well
as the Elderly, Disability, Fix and low income
people in a unbelievably financial disadvaance
which is over 3/4 of there customers. And
putting profits in their share holders pockets. I'm
strongly opposing this rate increase and asking
the Commissioner not to grant it.

Thank You
