Subject: FPL proposed increase

Dear Utilities Board Members,

Our " Sunshine Sate " endures a double dose of an extreme hot climate, in addition to yearly hurricane threats, and all other continuous dangerous occurrences we are subjected to.

Being 4th in state population, the need for basic utilities is demanding, but at the same time we are conscious of doing our part to cut down on usage.

As we struggle to sustain daily living, please do not encumber us with more debt we simply cannot afford. Many of us are on the edge of bankruptcy.

Grateful for your attention and consideration.

Sincerely,
S. Sanchez
