In re: Joint Petition of Gulf Coast Electric Cooperative, Inc. and West Florida Electric Cooperative Association, Inc. for approval of a Territorial Agreement.

DOCKET NO.: \_\_\_\_\_

FILED: 08/05/2021

**JOINT PETITION TO APPROVE TERRITORIAL AGREEMENT**

Gulf Coast Electric Cooperative, Inc. (“GCEC”) and West Florida Electric Cooperative Association, Inc. (“WFECA”) (collectively, the “Joint Petitioners”), pursuant to section 366.04(2)(d), Fla. Stat., and rules 25-6.0440 & 28-106.201, F.A.C., jointly petition the Florida Public Service Commission (the “Commission”) for approval of a territorial agreement (the “Agreement”) in Calhoun, Jackson and Washington Counties, Florida. In support hereof, the Joint Petitioners state:

1. The Joint Petitioners are electric utilities as defined in section 366.02(2), Fla. Stat., organized under the laws of Florida, and are subject to the regulatory jurisdiction of the Commission pursuant to section 366.04(2), Fla. Stat.
2. GCEC's principal offices are located in Wewahitchka, Florida. WFECA's principal offices are located in Graceville, Florida.
3. For purposes of this Joint Petition, the contact information of the Joint Petitioners shall be that of their respective undersigned attorneys, and all pleadings, notices, and other communications in this matter should be served on those attorneys.
4. GCEC and WFECA each have electric facilities that are adjacent to the other in Calhoun, Jackson and Washington Counties. To best avoid uneconomic duplication of facilities and wasteful expenditures, as well as to best protect the public health and safety from potentially hazardous conditions, the Joint Petitioners have negotiated the Agreement

delineating their respective service boundaries which are contiguous in Calhoun, Jackson and Washington Counties, Florida. The Agreement is appended hereto as Attachment 1. The territorial boundaries to which the Joint Petitioners have agreed are depicted and described in the annotated territorial boundary maps attached to the Agreement as Composite Exhibit A. This Agreement has been negotiated for an initial term of 30 years, and may automatically be extended for succeeding periods of five years except that this Agreement may be terminated by either Party after expiration of the 30 year term period or succeeding five year period upon one year's written notice to the other Party.

5. No customers are being transferred from one Party to another Party under the Agreement.

6. The Commission has long recognized that a properly structured territorial agreement between adjacent utilities is in the public interest, and should be approved unless the Commission determines it will cause a detriment to the public interest. *Utilities Commission of the City of New Smyrna Beach v. Florida Public Service Commission*, 469 So. 2d 731 (Fla. 1985). The Agreement will enable GCEC and WFECA to avoid uneconomic duplication of facilities and wasteful expenditures, and to serve their current and future customers in a safe and efficient manner. Therefore, the Joint Petitioners respectfully represent that the Commission's approval of the Agreement is in the public interest.

7. The Agreement will be effective the date on which the Commission's final order approving the Agreement in its entirety becomes no longer subject to judicial review.

8. The Joint Petitioners are unaware of any disputed issues of material fact pertaining to this Petition.

WHEREFORE, GCEC and WFECA respectfully request that the Commission grant this Joint Petition and enter an order approving the Agreement in its entirety.

**AREA ALLOCATIONS AND SERVICE TO CUSTOMERS**

**Section 2.1:** Territorial Allocations. Except as otherwise specifically provided herein, during the term of this Agreement, GCEC shall have the exclusive authority to furnish retail electric service within the GCEC Territorial Area and WFECA shall have the exclusive authority to furnish retail electric service within the WFECA Territorial area. The Territorial Boundary Line shall not be altered or affected by any change that may occur in the corporate limits of any municipality or county through annexation or otherwise unless such change is agreed to in writing by the Parties and approved by the Commission.

**Section 2.2:** Service to New Customers. The Parties agree that neither of them will knowingly serve or attempt to serve any new customer whose Point of Use is located within the Territorial Area of the other Party, except as specifically provided in Section 2.3 of this Agreement.

**Section 2.3:** Temporary Service. The Parties recognize that in exceptional circumstances, economic constraints or good engineering practices may indicate that a New Customer’s Point of Use either cannot or should not be immediately served by the Party in whose Territorial Area, such Point of Use is located. In such instances, upon written request by the Party in whose Territorial Area the New Customer’s Point of Use is located, the other Party may agree, in writing, to temporarily provide service to such New Customer. Prior to the commencement of temporary service, the Party providing such service shall inform the New Customer of the temporary nature of such service and that the other Party will ultimately serve the customer. In the event any such temporary service exceeds a period of one year, the Parties shall submit a list of said temporary services exceeding one year to the Commission for approval.

In conjunction with such discontinuance, the Party providing temporary service shall be compensated by the requesting Party in accordance with Section 3.4 for its distribution facilities

used exclusively to provide such service, which the other Party may elect to acquire, but the other Party shall not be entitled to compensation for any loss of revenues for the period during which such temporary service is provided.

Subject to the exceptions for temporarily providing service provided for in the immediately preceding paragraph, in the event that a New Customer or prospective New Customer requests or applies for service from either Party to be provided to a Point of Use located in the Territorial Area of the other Party, the Party receiving such a request or application shall refer the New Customer or prospective New Customer to the other Party with citation to this Agreement as approved by the Commission, and shall notify the other Party of such request or application.

**Section 2.4:** Correction of Inadvertent Service Errors. If any situation is discovered during the term of this Agreement in which either Party is inadvertently providing retail electric service to a customer's Point of Use located within the Territorial Area of the other Party, service to such customer will be transferred to such other Party, and service by the other Party shall be established at the earliest practical time, but in any event, within twelve (12) months of the date the inadvertent service error was discovered. Until service by the other Party can be reasonably established, the inadvertent service will be deemed to be temporary service provided and governed in accordance with Section 2.3 above.

### **ARTICLE III** **OPERATION AND MAINTENANCE**

**Section 3.1:** Facilities to Remain. Except as expressly provided herein, a generating plant, transmission line, substation, distribution line or related facility now or hereafter constructed or used by either party in conjunction with its electric utility system, which is directly or indirectly used and useful in service to its customers by either of the Parties, shall be allowed to remain where situated and shall not be subject to removal or transfer hereunder; provided, however, that each Party shall operate and maintain all such plants, lines, substations or facilities in such a matter as to minimize any interference with the operations of the other Party.

**Section 3.2:** GCEC Facilities to be Served. Nothing herein shall be construed to prevent or in any way inhibit the right and authority of GCEC to serve any facility of GCEC located in the WFECA Territorial Area; provided, however, that GCEC shall construct, operate, and maintain its lines and facilities in such a manner as to minimize any interference with the operations of WFECA in the WFECA Territorial Area.

**Section 3.3:** WFECA Facilities to be Served. Nothing herein shall be construed to prevent or in any way inhibit the right and authority of WFECA to serve any facility of WFECA located in the GCEC Territorial Area; provided, however, that WFECA shall construct, operate and maintain its lines and facilities in such a manner as to minimize any interference with operations of GCEC in the GCEC Territorial Area.

#### **ARTICLE IV** **PREREQUISITE APPROVAL**

**Section 4.1:** Commission Approval. The provisions and the Parties' performance of this Agreement are subject to the regulatory authority of the Commission, and appropriate approval by that agency of this Agreement in its entirety shall be an absolute prerequisite to the validity, enforceability, and applicability hereof. This Agreement shall have no effect whatsoever until that approval has been obtained. Any proposed modification to this Agreement shall be submitted to the Commission for approval. In addition, the Parties agree to jointly petition the Commission to resolve any dispute concerning the provisions of this Agreement or the Parties' performance of this Agreement.

**Section 4.2:** No Liability in the Event of Disapproval. In the event approval of this Agreement pursuant to Section 5.1 hereof is not obtained, neither Party will have any cause of action against the other arising under this document or on account of such nonattainment of approval.

**Section 4.3:** Supersedes Prior Agreements. Upon approval by the Commission, this Agreement shall be deemed to specifically supersede any and all prior agreements between the

Parties regarding their respective retail service areas in Calhoun, Jackson and Washington counties.

**ARTICLE V**  
**DURATION**

**Section 5.1:** This Agreement shall become effective upon approval by the Commission and shall continue in effect until termination, or until supplemented and amended by mutual written agreement of the Parties and approval by the Commission, but in no event for a period exceeding thirty (30) years from the Effective Date. Thereafter, the Agreement may automatically be extended for succeeding periods of five (5) years except that this Agreement may be terminated by either Party after expiration of the thirty (30) year term period or succeeding five (5) year period upon one (1) year's written notice to the other Party.

**ARTICLE VI**  
**CONSTRUCTION OF AGREEMENT**

**Section 6.1:** Intent and Interpretation. It is hereby declared to be the purpose and intent of the Parties that this Agreement shall be interpreted and construed, among other things, to further this State's policy of approving and actively supervising territorial agreements between and among electric utilities under its jurisdiction in order to avoid uneconomic duplication of facilities and to protect the public health and safety from potentially hazardous conditions.

**Section 6.2:** Other Electric Utilities. Nothing in this Agreement shall restrict or affect in any manner the right of either Party to establish its retail service area with respect to the retail service territory of any other electric utility not a party to this Agreement. The Parties understand that GCEC or WFECA may , from time to time and subject to Commission approval, enter into territorial agreements with other electric utilities that have adjacent or overlapping service areas and that, in such event, nothing herein shall be construed to prevent GCEC or WFECA from designating any portion of its Territorial Area under this Agreement as the service area of such other electric utility.

**ARTICLE VII**  
**MISCELLANEOUS**

**Section 7.1:** Negotiations. Regardless of any other terms or conditions that may have been discussed during the negotiations leading up to the execution of this Agreement, the only terms or conditions agreed upon by the Parties are those set forth herein, and no alteration, modification, enlargement or supplement to this Agreement shall be binding upon either of the Parties hereto unless the same shall be in writing, attached hereto, signed by both of the Parties and approved by the Commission in accordance with Article V, Section 5.1 hereof.

**Section 7.2:** Successors and Assigns; for Benefit Only of Parties. This Agreement shall be binding upon the Parties hereto and their respective successors and assigns. Nothing in this Agreement, express or implied, is intended, or shall be construed, to confer upon or give to any person other than the Parties hereto, or their respective successors or assigns, any right, remedy, or claim under or by reason of this Agreement, or any provision or condition hereof; and all provisions, representations, covenants, and conditions herein contained shall inure to the sole benefit of the Parties of their respective successors or assigns.
