Good Morning, Ms. Lettieri.

We will be placing your comments below in consumer correspondence in Docket No. 20210015, and forwarding them to the Office of Consumer Assistance and Outreach.

Thank you!

Toni Hover

Subject: Public Comment on Docket #20210015-EI

Dear Public Service Commission,

It's outrageous that FPL is seeking rate hikes yet again we've gotten nothing but lousy service and antiquated infrastructure from them while they consistently Jack up prices to pay their cushy CEO salaries. They should have been upgrading to renewable energy instead they leave us exposed to deadly leaks from their decrepit nuclear power plant slowly leaking radioactive waste into Biscayne Bay.

The entire system is corrupt and if you allow yet another rate hike under such circumstances you are part of the problem. Shame on FPL and shame on the commission.

As a resident of Florida, I urge you to decline FPL's rate increase petition, which would create an unnecessary and excessive burden on utility customers at a time when many Floridians can least afford to pay more for their unavoidable daily expenses.

FPL is trying to charge customers like us for a range of projects we do not want or need. FPL does not need to spend billions of our dollars to build redundant fossil fuel units, rebuild an already-sufficient transmission system, and give their shareholders a raise.

Please do not put FPL's desire to maximize profits over our need to power our homes affordably.

Thank you!

Como residente de Florida, le insto a que rechace la petición de aumento de tarifas de FPL, que crearía una carga innecesaria y excesiva para los clientes de servicios públicos en un momento en que muchos floridianos no pueden pagar más por sus gastos diarios.

FPL está tratando de cobrar a clientes como nosotros por una variedad de proyectos que no queremos ni necesitamos. FPL no necesita gastar miles de millones de dólares para construir unidades de combustibles fósiles redundantes, reconstruir un sistema de transmisión que ya es suficiente y dar un aumento a sus accionistas.

Por favor, no anteponga el deseo de FPL de maximizar las ganancias a nuestra necesidad de alimentar nuestros hogares de manera asequible.

¡Gracias!

Sincerely,

Tammy Lettieri
