Subject: RE: FPL rate case

Good Afternoon, Christian Wagley.

We will be placing your comments below in consumer correspondence in Docket No. 20210015, and forwarding them to the Office of Consumer Assistance and Outreach.

Thank you!

Subject: FPL rate case

I am writing to oppose the overall rate increase for FPL customers. The company proposes to raise rates as they continue to invest in dirty and likely more expensive fossil fuels like natural gas. The company does not promote energy conservation sufficiently, representing a huge lost opportunity for residents and businesses to save money. Most customers will pay more and yet we are not getting adequate action on the necessary switch to renewables. Please reject this rate increase until FPL can show that they will meet more aggressive conservation and renewable energy targets.
