Tallahassee, FL 32399-0850

Re: Docket No. 20190125-WS - Application for staff-assisted rate case in Sumter County by The Woods Utility Company – FDEP Compliance

Dear Commission Clerk:

The Woods Utility Company (The Woods) is now back into compliance with the FDEP lead and copper limits. As the attached e-mail from FDEP states, The Woods has been placed back on triennial monitoring for lead and copper with the next sample due 2024

If you have any questions, please do not hesitate to contact me at (727) 848-8292, ext. 245.

Respectfully,

A handwritten signature in blue ink, appearing to read "Troy Rendell". The signature is fluid and cursive, with a large initial "T" and "R".

Melisa,

I have confirmed that the facility can be placed on triennial monitoring for lead and copper with the next sample due 2024. We will count the May 2021 sampling as the required sampling for 2021 for this size system.

Thank you!

Hi Melisa,

I see the report references an attached "RTW/LSI report-calculation." Do you have this information? I looked at the previous biennial samples and can put the system back on triennial pending this report.

Thanks!
