Dear Commissioner

I am old enough to remember the good old days when PSC members acted for the benefit of the public, as PUBLIC SERVICE COMMISSION suggests. I hope you will also recall that and not allow FPL to take advantage of those customers who are now struggling to get their bills paid. You might also consider suggesting that they spend less on advertising to a captive audience with no other power vendors to switch to. Perhaps then they could afford all the upgrades they need without hurting investors.

Thank you,

Ellen Schorr
